Coming 2023!

Padel Samui is a racket sport complex with tropicality knitted into its core. The exuberant island vibe is clear the moment you enter the facility.

No matter if you come for the Padel, Tennis, Pickleball, socializing, as a spectator or as a player. Padel Samui has something for everyone.

A racket sport oasis showcasing a concept combining tropicality and the amazing world of Padel, Tennis and Pickleball.

# Koh Samui

Samui is the third largest Island in Thailand and the largest in an archipelago of more than 80 islands that includes the Ang Thong National Marine Park, a kayaking paradise just one hour away from Samui's beaches.

While Samui is small enough to be circumnavigated in just a couple of hours by motorbike or car, the island features such a variety of beaches and activities that it would be impossible to experience everything in a single visit.

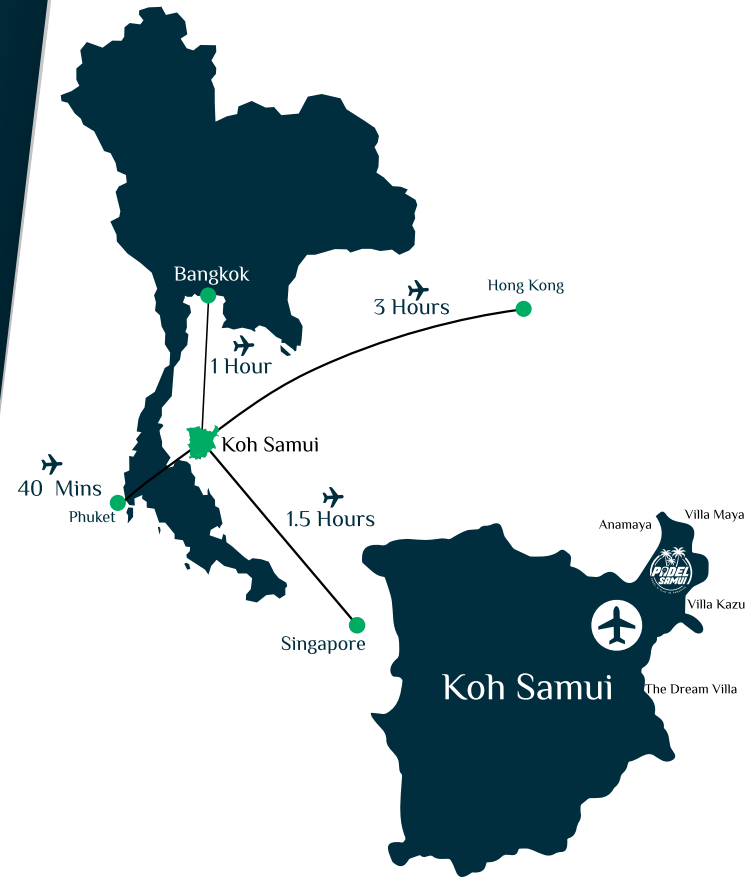

On Koh Samui you can experience everything from cooking courses, trekking, waterfall visits, yoga, Muay Thai training, scuba diving, golf, and much more. Samui is a lively, and exciting place and the island has developed into and created its own style of island paradise, retaining much of its natural beauty while offering nearly every imaginable activity or service for the ultimate beach Holiday.

# Getting to Koh Samui

Koh Samui has an airport, so the easiest, fastest and most comfortable way to travel to Koh Samui is taking a flight. There are direct flights from several locations in Thailand, including Bangkok, Chiang Mai, Phuket and Krabi.

There are several international direct flights from locations like Singapore, Hong Kong, Malaysia and China.

Samui International Airport is considered one of the most beautiful airports in the world. Surrounded by nature to blend with the tropical theme of the island, the airport is owned by Bangkok Airways, being one of the few in the world privately owned. The airport is located on the North-East side of the island.
